There will be a poster session open to all on topics in marine science on the afternoon of Thursday 26 January, especially useful for anyone presenting for international meetings, such as Ocean Sciences 2012 and the European Geophysical Union.

The presentations will start at 13.00 on Thursday and finish at 12.00 on Friday, and be held in the Nicholson lecture theatre. The poster presentation and reception will be in the Chapel linked to the Foresight Centre on Thursday afternoon.

Please email whether you wish to attend and poster titles and abstracts to Kasia Kenitz, kkenitz@liv.ac.uk

This meeting is jointly funded by the *Research Centre for Marine Sciences and Climate Change* via the *School of Environmental Sciences*, and the *National Oceanography Centre*, and the *UK Challenger Society for Marine Sciences*.
