

## **Available Fellowships:**

A range of fellowship opportunities are available and several schemes are listed below. Each scheme has specific eligibility requirements (including nationality, years of postdoctoral experience). Most schemes only open once a year and it is important that you carefully check the application dates and make contact with the Stephenson Institute and potential hosts at the earliest possible opportunity.

- [EPSRC fellowships](#)  
*Fellowships are available in a number of priority areas (including a range of energy related topics). There are no nationality restrictions and applications are considered on a rolling basis.*
- [BBSRC fellowships](#)  
*A range of fellowship opportunities in the biological sciences, including schemes for early-career and returners to research.*
- [Royal Society University Research Fellowships](#)  
*For outstanding early to mid-career scientists who are citizens of the European Economic Area. The 2013 round opens in July with a likely closing date of September 2013.*
- [Royal Society Dorothy Hodgkin Fellowships](#)  
*The scheme is for early career scientists who require flexible working patterns. Fellowships are awarded annually with a January closing date.*
- [Royal Society Newton Fellowships](#)  
*The scheme supports promising international postdoctoral scientists who wish to work in the UK. Fellowships are awarded annually typically with a closing date in April.*
- [Royal Commission for the Exhibition of 1851](#)  
*Provides an opportunity for early career scientists to conduct independent research project for durations of up to 2 years. Closing date 21/02/2013*
- [Ramsay Memorial Trust](#)  
*Fellowship scheme for the support of early career scientists.*
- [Women In Science Programme](#)  
*Programmes for UK and international scientists. Closing date 01/02/2013*
- [Marie Curie Intra-European Fellowships \(IEF\)](#)  
*It is anticipated that FP7-PEOPLE-2013-IEF will open 14/03/2013 and close 14/08/2013. This scheme is for experienced researchers to move within Europe.*
- [Marie Curie International Incoming Fellowships](#)  
*It is anticipated that FP7-PEOPLE-2013-IIF 14 will open 14/03/2013 and close 14/08/2013. This scheme supports the movement of researchers from outside Europe to a European host.*
