(d) MEDICAL REPORTS

The University may require a member of staff to undergo a medical examination before commencing his/her employment and employment will depend on a satisfactory medical. The University will reimburse any reasonable expense incurred by the applicant.

Members of staff who work where there is an increased risk of infection will be required to attend the Occupational Health Department prior to commencing employment, or on transfer, or in the light of future medical advances, and to undertake any immunisation recommended by the Occupational Health Physician subject to the member of staff having the right to consult his or her own General Practitioner prior to immunisation. The requirement to refund payments from damages received does not extend to any sum awarded by the Criminal Injuries Compensation Board or any non-salary related compensatory awards.

The Deputy Vice-Chancellor will normally refer the matter for consideration by the appropriate body or person within the University and the decision of that body or person will be communicated in writing to the member of staff concerned. As a final stage, a member of staff may appeal to the Council of the University to exercise the power conferred upon it by the Statutes of the University to 'consider, adjudicate upon and, if thought fit, redress any grievance of the Officers of the University, the academic staff, the Deputy Vice-Chancellor, the Librarian, other persons holding office in the University, the graduates, the undergraduates and other students and the non-academic staff who may for any reason feel aggrieved otherwise than by an act of the Examiners duly appointed under Statute 32'.
