## DITANET Advanced Career Skills School

Monday 14<sup>th</sup> and Tuesday 15<sup>th</sup> May 2012

The DITANET Consortium announces a two day Advanced Skills School for post graduate researchers including:

- Project management in international collaborations
- CV writing
- Interview techniques
- Challenges in researcher careers
- Grant writing opportunities

The School will be hosted by the University of Liverpool with the help of external trainers.

Further information and registration instructions can be found at:
