UNIVERSITY OF LIVERPOOL

International Summer School
The International Summer School

Engage with some of today’s big questions at a world-renowned university, in the heart of a dynamic city, whilst earning credit!

The University of Liverpool International Summer School gives you the opportunity to study up to 4 credit-bearing modules, which you may be able to convert to credits at your home university.

We have designed the modules to help you develop your understanding and consideration of some key challenges and opportunities in our ever-changing world. We have subject specific pathways, allowing you to study Science, Business and Management, the Arts, History, Culture and Language.

We offer the following pathways:

- Cultural Capital
- Historical Perspectives
- Global Grand Challenges
- Doing Business
- Loving Language
- Breaking Borders
- Communication in a Connected World.

Our flexible study system allows you to specialise in one pathway or mix and match across several pathways, depending on your academic interests and any home university requirements.

If English is not your first language, you might choose to study on our English Communication Skills module.

We had dynamic classes and we shared things with the other students. We communicated with the teacher and developed projects. It was really wonderful.
