The Student Fund

Thanks to alumni donations, the Student Fund provides life-changing bursaries and scholarships each year, helping students facing financial hardship to thrive at the University of Liverpool.

Second year Medicine student Maisie shares how this support has transformed her life.

"I cannot put into words just how huge of an impact the Liverpool Bursary has had on my life.

For a long time, I thought medicine wasn't for me because of my background and my perception of what a doctor should be. When I was in sixth form, I completed the Liverpool Scholars scheme. The scheme really helped improve my confidence and helped me meet other students from widening participation backgrounds with similar aspirations to me. The whole experience was very empowering and conversations with staff and students cemented that Liverpool was not only a university that I could get into but a university that wanted me there.

The support I've received has made a huge difference – not just practically, but emotionally too. It's helped me believe that I deserve to be here. I well and truly owe my life and happiness in Liverpool to the support I've received".
