Programme Overview

Our 2022 curriculum provides a framework to inform the delivery of a practice-centred degree programme that seeks to produce graduates who are eligible to apply for registration in the field of Mental Health Nursing with the Nursing and Midwifery Council (NMC).

The taught modules will include:

Year 1
- MNURS 700 Principles of Mental Health Nursing Practice
- MNURS 701 Developing and Enhancing Skills for Practice
- MNURS 702 Local and Global Determinants of Health
- MNURS 703 Research for Professional Practice

Year 2
- MNURS 704 Skills for registration
- MNURS 705 Leading in Mental Health Nursing
- MNURS 706 Dissertation

A flexible approach to practice learning will allow you to achieve outcomes in a variety of settings at different points throughout the two years. You will be well supported in both academic and practice learning environments. Benefit from our experience in delivering more than 100 years of teaching across practical and professionally focused programmes.

Learn from experienced, registered, working practitioners
Our curriculum is developed and assessed by leading healthcare providers throughout the North West. Many such partners across the North West provide exciting placement opportunities.
Entry Requirements
We welcome applications from graduates in possession of a minimum 2:1 Bachelors Degree across a range of disciplines, eg biological sciences, health or social sciences. We will consider those with a 2:2 classification in their degree who are able to provide wider contextual information or recent relevant experience of further study.

Applicants must also present with GCSEs in English Language, Mathematics and a Science subject at a minimum of Grade C (grade 5 or above).

International applicants whose native language is not English must show evidence of proficiency, to a standard equivalent to average academic level 7 of the International English Language Testing System (IELTS) with no component lower than 7.

Details of the University general IELTS requirements are available at: liverpool.ac.uk/study/international/countries/english-language/.

Recognition of Prior Learning (RPL) in the form of a portfolio/reflection will be required to satisfy Nursing and Midwifery (NMC) requirements for experiential learning and to meet 600 practice hours and 600 theory hours (NMC, 2018).
