Conference Attendance:
**Cathy Fletcher (Nursing) and Cath Gordon (MIRT)** presented a poster at the Achieving Excellence in Radiography Education and Research conference on 24th and 25th November 2016 in Birmingham entitled ‘Great Expectations: A study to compare and contrast the expectations of radiotherapy students with those of nursing students at the University of Liverpool’.

**Cathy Fletcher (Nursing) and Cath Gordon (MIRT)** delivered a 30 minute presented at the Pedagogic Research conference here at the university on the 12th January 2017 entitled ‘Great Expectations: A study to compare and contrast the expectations of radiotherapy students with those of nursing students at the University of Liverpool’.

**Helen Orton (School)** attended the University of Liverpool Pedagogic Conference in January and presented 2 research projects:

**Jo Sharp (Physiotherapy)** attended the European Region of the World Confederation for Physiotherapy (ER-WCPT) Conference for one day in November

**Mark Warren (MIRT)** was a keynote speaker at the College of Radiographer’s Annual Radiotherapy Conference (27/1/17): The Arthur Kay award and the MRI LINAC Hybrid.

**Marie Pagett (MIRT)** attended the Achieving Excellence in Radiography Education Conference Nov 2016.

**Pete Bridge (MIRT)** was an Invited Speaker at the "Achieving Excellence in Radiography Education" Conference 2016 (25/11/16): "Medical Radiation Education and 3D Stereoscopic Visualisation: A Virtually Perfect Match?"

**Pete Bridge (MIRT)** was Organiser / Speaker at the "MR Anatomy for Radiotherapy" CPD Short Course Study Day (03/11/16)

**Vicky McQuillan (Occupational Therapy) ** had had 2 abstracts accepted for interdisciplinary international conference DCD XII in Perth Australia for Summer 2017

Paper - "An exploration of the attitudes of Orthoptic clinical educators towards reflection and how it is used to facilitate learning”. Emerging research - “A holistic analysis approach to identify the core educational activities for teaching and learning digital professionalism with an interprofessional learning environment”. (in conjunction with Dr Stuart Oultram and Dr Omnia Allam – School of Medicine).

**Teaching Prizes and Awards:**
- **Vicky McQuillan (Occupational Therapy)** has been successful in a grant application and received £1000

**CPD activity in the School:**

Staff News

Occupational Therapy

Bethan Collins has been promoted to Senior Lecturer.

Julie Hanna sits on the Board for DaDaFest, a Deaf and Disability Arts Organisation based in Liverpool that carries out work nationally and internationally.

Vicky McQuillan has been invited to review for the interdisciplinary journal Infant and Child Development

MIRT

Mark Warren has been selected for College of Radiographer’s formal research mentoring scheme as a mentee. The aim of this scheme is to increase research capacity for UK-based radiographers. It will run from January 2017 to August 2017 as a pilot study and will be formally evaluated.

Student News

Liverpool Brazilian collaboration a great success!

Augusto de Galvão e Brito Medeiros is a Brazilian medical student who came to the university on the ‘Science without Borders’ programme in September 2015. He and two other students, Aston and Diogo, joined the School of Health Sciences for the whole academic year and undertook modules from our portfolio of programmes. He selected to undertake a project within the MIRT Directorate and to work with Dr Stuart Mackay and a research team on a piece of international research exploring Emotional Intelligence in diagnostic radiographers and radiotherapists. It is pleasing to report that the work has now been published in the Journal of MIRT, an international peer-reviewed journal. Many congratulations to Augusto and the other authors. For those who wish to read it the full reference is

Medeiros AD, Lewis S, McNulty J, White, P. Lane, S, Mackay, S, (2017) Emotional Intelligence development in radiography curricula: Results of an international longitudinal study, Journal of Medical Imaging and Radiation Sciences, accepted for publication, 5.1.17, 10.1016/j.jmir.2017.01.001

Or it can be sourced from the University of Liverpool Element website for Dr Stuart Mackay. A google search of the article title will find it.
Augusto is seen above, on the right, enjoying working with the 3D software called VERT in the Directorate of MIRT

HEA Fellowship

The Higher Education Academy professional recognition scheme confers status of Associate Fellow, Fellow, Senior Fellow or Principal Fellow and is awarded to those staff who have met the appropriate standards in teaching and supporting learning in Higher Education under the UK Professional Standards Framework.

It is pleasing to note that the following staff within the School of Health Sciences have recently been awarded Fellowship status:

- Ashli Milling (Orthoptics), Fellow of the Higher Education Academy
- Mark Warren (MIRT), Fellow of the Higher Education Academy
- Julie Hanna (Occupational Therapy), Fellow of the Higher Education Academy
