# Introduction

Welcome to the Diversity & Equality Infographic Report covering the academic year 2020 to 2021.

The underpinning data in this report has come from the Student Records and Staff Records systems. Student Data is for the academic year 2020-2021, and staff data is a snapshot date of January 2021.

A small amount of data has come from the Higher Education Statistics Agency, and this is only for the academic year 2019-20. Where we have used HESA data this will be labelled.

Data is based on a Head Count (University data) or Full Personal Equivalent (HESA). What this means is that the data is based on people and not proportions of posts or people.

We have provided various types of data here, including job groups (e.g. manual or clerical), by pay grade (e.g. grade 7 or 10), by Faculty and by School. However, not all of this data is provided for every equality characteristic.

For student data we have provided some data by Undergraduate, Postgraduate etc., however, only undergraduate data has been used to provide detailed faculty and department level data.

# Acronyms and Departments Lists

A number of acronyms are used within the data / infographics, in particular for the University departments and schools. Some of the key acronyms are listed here.

- **LGBO** means people who identify as Lesbian, Gay, Bisexual or Other sexuality.
- **People of Colour** means people who identify as Black, Asian, Mixed or Other Ethnic Group, so excluding White Irish, Gypsy, White Other.
- **White Other** means people who identify as White Irish, Gypsy and White Other.
