AT THE UNIVERSITY OF LIVERPOOL

The Year in China is the University of Liverpool's exciting flagship programme allowing undergraduate students, from a huge range of departments, the opportunity to spend one year at our fully English speaking joint venture, Xi'an Jiaotong-Liverpool University (XJTLU), following XJTLU's BA China Studies degree classes.

### Why Global Opportunities?

Reports from the Higher Education Funding Council for England (HEFCE) tell us that students who participate in a global opportunity:

- Are more likely to be in further education or employment 6 months after graduating
- Earn higher than average salaries
- Are more likely to graduate with a 2:1 or First Class degree

Studies of UK and European businesses show that the UK's top employers think that participating in a global opportunity makes graduates more employable, whilst European businesses with international links are looking for graduates who have had some form of international experience.

There are also the academic and personal benefits to participating in a global opportunity:

- improved study techniques
- increased self-awareness & self-reliance
- inspires their future career or study choices

### What will I study at XJTLU?

During your time at XJTLU you will be studying:

- Chinese language
- Modules from the China Studies catalogue. These can be on any topic, e.g. Chinese history, politics or culture
- 1 further China Studies module or a module related to your degree programme in Liverpool

### Why the Year in China?

The Year in China gives you a unique opportunity to experience life and learning in the Chinese context. XJTLU is a fully English-speaking university, located in Suzhou, approximately 30 minutes from Shanghai by high-speed train. Our special relationship with XJTLU provides a distinctive and invaluable opportunity for our students to gain experience in the world's second largest economy by studying abroad.
