

## **Members of Ness Botanic Gardens COVID-19 Statement**

Ness Botanic Gardens remains closed in response to Covid-19

Following the recent government updates (on 10 & 11 May 2020), no changes are currently planned at Ness Botanic Gardens. Ness Botanic Gardens therefore remains closed to all members of the public, including Members, at the present time. We are looking at the updated government guidance in detail and we continue to plan for the re-opening of Ness when it is appropriate to do so. At present we cannot provide a timescale for reopening, please keep checking our website and social media channels for further updates.

We produce a monthly newsletter which is available by email. If you would like to receive the newsletter please send your membership number and email address to [membership@liverpool.ac.uk](mailto:membership@liverpool.ac.uk). We would encourage all Members to sign up for the newsletter, particularly in the current circumstances as electronic means are our only way to communicate with our Members as a group while we are working from home. Please be assured that your email address will only be used for the stated purpose and will be stored in compliance with the University of Liverpool's GDPR guidelines.

Don't forget you can also stay in touch with us online via Facebook, Instagram, Twitter and our website. The Membership Office can also be contacted by email [membership@liverpool.ac.uk](mailto:membership@liverpool.ac.uk) .

We remain very grateful for the ongoing support of our Members during this challenging time, and will be 'rolling forward' expiry dates to account for the period Members have been unable to access the Gardens. We will be informing Members of revised renewal and expiry dates when we have a clear timeline for reopening.

We are looking forward to welcoming you back to Ness when circumstances allow.
