

The annual Postdocs in Nuclear Energy meeting (PiNE) will be hosted by the University of Liverpool in 2019. PiNE offers the opportunity for post-doctoral or equivalent level researchers to get together in an informal environment, share their work and learn what else is going on in the nuclear research community. A range of speakers from the nuclear energy sector will give presentations and will be on hand to offer career advice and insights into the future of nuclear energy research in the UK.

Registration will include lunches and a formal evening meal at the Victoria Gallery and Museum (www.liverpool.ac.uk/vgm)

PiNE is an informal meeting for post-doctoral or equivalent researchers to meet, present their research and to provide an insight into the wider world of nuclear research.

The meeting will include a range of speakers from various backgrounds who will give presentations and discuss issues, insights and to offer advice on different topics within the field of nuclear energy research.

Registration to the meeting is free of charge and is now open, please email Glyn Cobourne at g.cobourne@liverpool.ac.uk with your name, institution, contact email and any dietary requirements.

Abstracts are welcomed for oral or poster presentation at the main part of the meeting. Please ensure that you submit your abstracts to Glyn Cobourne at g.cobourne@liverpool.ac.uk, by 30th August 2019.

A draft programme is attached (pdf) and also below:

DRAFT CONFERENCE PROGRAMME		
12th September		
09.00	Registration	Electrical Engineering, ELT
10.30	Welcome	
11.00	Introduction Session	

12.00	Lunch	
13.00	Postdoc Session	
15.00	Tea and Coffee	
15.30	Professional Career Development Session	
17.30	Poster Session (Group Photo)	VG&M
19.00	Meeting Dinner	VG&M
13th September		
09.00	Coffee/arrival	
09.30	Industry Session	
11.00	Tea and Coffee	
11.30	Postdoc Session	
12.30	Lunch	
13.30	Delegates leave
