- If an applicant fails to achieve a place on the A100 programme they may only make one further consecutive application to the programme.
- Applications may be considered from students entering the final year of study in degree programmes. However, please be advised that we do have specific criteria for A100 graduate applicants who are applying with pending or achieved degrees.
- We do not usually consider transfers into the medicine programmes, but we commit to reviewing all new applications on an individual basis.
