

SCHOLARSHIP AND BURSARY REGULATIONS

ACADEMIC YEAR 2011/12

1) Scope of the Regulations

- 1.1) These Regulations apply to students first entering undergraduate and taught master's postgraduate programmes at the University of Liverpool in academic year 2011/12, and students entering research postgraduate programmes during the period October 2011 until September 2012 inclusive. Unless otherwise stated, they will continue to apply to such students for the duration of their programme of study, subject to Section 1.3 below.
- 1.2) Scholarships and bursaries under these Regulations are not available to the following groups of students:
- a) Students who have transferred from another undergraduate programme at the University of Liverpool will be considered under the Regulations applicable in the academic year in which they started their study. The 2011/12 Regulations are therefore not applicable to such students.
 - b) 'Home' and 'EU' students who have previously achieved a qualification at an equivalent or higher level, whether in the UK or elsewhere. However, students studying on programmes which may be exempted from the government withdrawal of funding for students studying equivalent and lower level qualifications (ELQ), and where the University has chosen to apply this exemption, may be considered for scholarships and bursaries under these Regulations. Similarly, where a student is exempt from the ELQ policy as a result of holding a Disabled Student's Allowance, they may also be considered for scholarships and bursaries.
 - c) 'Home' and 'EU' students in years 1-3 of undergraduate programmes in the School of Health Sciences¹.
 - d) Students in years 2–4 of graduate entry programmes in Medicine and Dental Surgery, where the tuition fees are paid in full by the NHS or local government.
 - e) Students in year 5 of conventional entry programmes in Medicine and Dental Surgery.
 - f) Students on programmes running under the auspices of the Cumbria and Lancashire Medical and Dental Education Consortium. For such students, a different bursary scheme is in operation.
 - g) Students on the MSc Nuclear Science and Technology programme, run under the auspices of the Nuclear Education Training Consortium.
 - h) Students in all years of the Diploma in Dental Hygiene/Therapy.
 - i) Students on University of Liverpool programmes taught at an associated college, where the tuition fee is payable directly to that college; for example years 0 and 1 taught at Wirral Metropolitan College as part of a 2+2 programme. For such students, the associated college is responsible for scholarship and bursary arrangements.
 - j) Students registered with the Liverpool School of Tropical Medicine.
 - k) Students transferring to the University of Liverpool from Xi'an Jiaotong-Liverpool University.
 - l) Students transferring to the University of Liverpool from partnership institutions where an alternative fee payment or scholarship arrangement has been made².
 - m) 'Home' and 'EU' students for whom fees are charged under the "old" fee regulations, i.e. the regulations applicable prior to the introduction of variable fees.
 - n) Students in receipt of staff fee remission.

¹ Students studying in years 1-3 of Health Sciences programmes will be considered for the Liverpool Scholars Award, the North Liverpool Academy Scholarship and the South Liverpool Academy Scholarship.

² Information will be available at the point of application from the partnership institution.

- 1.3) Unless otherwise stated, scholarships and bursaries under these Regulations are available to full-time students on University of Liverpool award bearing programmes and, where other requirements are satisfied and unless otherwise stated, on a pro-rata basis to those full-time students repeating a year of study on a University of Liverpool award bearing programme with partial attendance³. Where a student repeats a year of study with full or partial attendance so that their total period of registration is greater than the normal length of their programme, scholarships and bursaries will only be available for a maximum number of years equal to the maximum period of public funding. This is usually the normal length of the programme plus one academic year.
- 1.4) Where the scholarships and bursaries described in these Regulations are to be paid directly into the student's bank account, students will be unable to receive these scholarships and bursaries unless they hold a sterling current account with a UK clearing bank and have notified the Student Loan Company (SLC) and/or the University of the account details.
- 1.5) Where scholarships or bursaries are dependent on household income, the scholarship or bursary can only be paid where the student's Local Authority, Student Awards Agency for Scotland (SAAS), Education and Library Board or the SLC has been provided with information on household income and consent has been given for that information to be shared with the University.
- 1.6) These Regulations shall apply to the following scholarships and bursaries:
- a) The Liverpool Bursary.
 - b) The Liverpool Opportunity and Achievement Scholarship.
 - c) The Eliahou Dangoor Scholarship Scheme.
 - d) The Liverpool Scholars Award.
 - e) The North Liverpool Academy Scholarship.

The University and individual academic departments also provide a range of other scholarships and awards. Full details of these are published elsewhere.

Where a student meets the requirements for more than one of the awards covered by these Regulations, the maximum amount payable to them in any one year shall be £4,400.
- 1.8) With the exception of those tasks specifically identified in these Regulations as the responsibility of other offices, the administration of these scholarships and bursaries will be undertaken by the University's Student Administration and Support (SAS) Division. Applicants for programmes should address enquiries relating to scholarships and bursaries to the Student Recruitment and Admissions Office (SRAO), University of Liverpool, Foundation Building, Brownlow Hill, Liverpool, L69 7ZX, or by e-mail to ugrecruitment@liv.ac.uk (undergraduate scholarships and bursaries) or pgrecruitment@liv.ac.uk (postgraduate scholarships and bursaries). 18) Additional Information

18.1) Confirmation of Participation in Study

With the exception of the Liverpool Bursary, the second instalment (where applicable) of the scholarships and bursaries described in these Regulations will only be paid where the student has attended the first semester examinations or their absence with good cause has been approved by their department. This provision shall not apply to those students on a compulsory year abroad or year in industry.

¹⁰ The value of scholarships and bursaries is reduced when a student is on a compulsory year abroad. In addition there are restrictions on which scholarships and bursaries may be simultaneously held.

18.2) Debt to the University

As a consequence of Section 4(e) of the “Rules Regulating the Payments of Fees by Students” made under University Ordinance 20, where a student has an outstanding financial balance owing to the University 21 days prior to the due date for the second instalment of a scholarship or bursary, the second payment will initially be applied to the outstanding balance with any residue after settlement of the outstanding balance being paid to the student. This provision shall only be applicable to the Eliahou Dangoor Scholarship Scheme, Liverpool Scholars Award, Liverpool Opportunity and Achievement Scholarship, North Liverpool Academy Scholarship and the South Liverpool Academy Scholarship.

18.3) Misrepresentation of Qualifications

The University will require the repayment of any award based on entry qualifications where a student has wilfully misrepresented their qualifications. The student may also be reported for investigation under the University’s Student Disciplinary Procedure¹¹.

18.4) Withdrawal and Suspension

Where a student withdraws from a programme of study or suspends their study, they cease to be entitled to scholarships or bursaries under these Regulations for the current academic year from the date of their withdrawal or suspension. When because of any delays in the BACS and HEBSS systems a payment is erroneously made to a student after their withdrawal or suspension, the University will require the return of such a payment. Similarly, where a scholarship or bursary is dependent on household income and, as a result of a change in income or a reassessment of the income, the student ceases to be entitled to the scholarship or bursary, they will be required to return any payments already made.

18.5) Changes to Regulations

The University retains the right to alter or add to these Regulations in the following circumstances:

- a) To adjust income thresholds to reflect inflation or other financial changes.
- b) In response to changes external to the University, for example those made by the Department for Business, Innovation and Skills, the Higher Education Funding Council for England, Local Authorities, SAAS, Education and Library Boards and the SLC.
- c) Where, at its absolute discretion, the University believes that an error or omission has been made in the Regulations.

Where changes are made to these Regulations the University will notify all appropriate students by email prior to any change coming into effect.
