

## SCHOLARSHIP AND BURSARY REGULATIONS

ACADEMIC YEAR 2010/11

### 1) Scope of the Regulations

- 1.1) These Regulations apply to students first entering undergraduate and taught master's postgraduate programmes at the University of Liverpool in academic year 2010/11, and students entering research postgraduate programmes during the period October 2010 until September 2011 inclusive. Unless otherwise stated, they will continue to apply to such students for the duration of their programme of study, subject to Section 1.3 below.
- 1.2) Scholarships and bursaries under these Regulations are not available to the following groups of students:
- a) Students who have transferred from another undergraduate programme at the University of Liverpool will be considered under the Regulations applicable in the academic year in which they started their study. The 2010/11 Regulations are therefore not applicable to such students.
  - b) 'Home' and 'EU' students who have previously achieved a qualification at an equivalent or higher level, whether in the UK or elsewhere. However, students studying on programmes which may be exempted from the government withdrawal of funding for students studying equivalent and lower level qualifications (ELQ), and where the University has chosen to apply this exemption, may be considered for scholarships and bursaries under these Regulations. Similarly, where a student is exempt from the ELQ policy as a result of holding a Disabled Student's Allowance, they may also be considered for scholarships and bursaries.
  - c) 'Home' and 'EU' students in years 1-3 of undergraduate programmes in the School of Health Sciences<sup>1</sup>.
  - d) Students in years 2–4 of graduate entry programmes in Medicine and Dental Surgery, where the tuition fees are paid in full by the NHS or local government.
  - e) Students in year 5 of conventional entry programmes in Medicine and Dental Surgery.
  - f) Students on programmes running under the auspices of the Cumbria and Lancashire Medical and Dental Education Consortium. For such students, a different bursary scheme is in operation.
  - g) Students in all years of the Diploma in Dental Hygiene/Therapy.
  - h) Students on University of Liverpool programmes taught at an associated college, where the tuition fee is payable directly to that college; for example years 0 and 1 taught at Wirral Metropolitan College as part of a 2+2 programme. For such students, the associated college is responsible for scholarship and bursary arrangements.
  - i) Students registered with the Liverpool School of Tropical Medicine.
  - j) Students transferring to the University of Liverpool from Xi'an Jiaotong-Liverpool University.
  - k) Students transferring to the University of Liverpool from Liverpool International College.
  - l) Students transferring to the University of Liverpool from partnership institutions where an alternative fee payment or scholarship arrangement has been made<sup>2</sup>.
  - m) 'Home' and 'EU' students for whom fees are charged under the "old" fee regulations, i.e. the regulations applicable prior to the introduction of variable fees.
  - n) Students in receipt of staff fee remission.

---

<sup>1</sup> Students studying in years 1-3 of Health Sciences programmes will be considered for the Liverpool Scholars Award and the North Liverpool Academy Scholarship.

<sup>2</sup> Information will be available at the point of application from the partnership institution.

- 1.3) Unless otherwise stated, scholarships and bursaries under these Regulations are available to full-time students on University of Liverpool award bearing programmes and, where other requirements are satisfied and unless otherwise stated, on a pro-rata basis to those full-time students repeating a year of study on a University of Liverpool award bearing programme with partial attendance<sup>3</sup>. Where a student repeats a year of study with full or partial attendance so that their total period of registration is greater than the normal length of their programme, scholarships and bursaries will only be available for a maximum number of years equal to the maximum period of public funding. This is usually the normal length of the programme plus one academic year. For those students who satisfy the entry requirements for an Attainment Scholarship, the scholarship will only be available for a maximum number of years equal to the normal duration of the programme.
- 1.4) Where the scholarships and bursaries described in these Regulations are to be paid directly into the student's bank account, students will be unable to receive these scholarships and bursaries unless they hold a sterling current account with a UK clearing bank and have notified the Student Loan Company (SLC) and/or the University of the account details.
- 1.5) Where scholarships or bursaries are dependent on household income, the scholarship or bursary can only be paid where the student's Local Authority, Student Awards Agency for Scotland (SAAS), Education and Library Board or the SLC has been provided with information on household income and consent has been given for that information to be shared with the University.
- 1.6) These Regulations shall apply to the following scholarships and bursaries:
  - a) The Liverpool Bursary.
  - b) The Opportunity and Achievement Scholarship.
  - c) The Eliahou Dangoor Scholarship Scheme.
  - d) The Attainment Scholarship.
  - e) The Liverpool Scholars Award.
  - f) The North Liverpool Academy Scholarship.
  - g) The Liverpool Outstanding Student Award.
  - h) The Postgraduate Loyalty Award.
  - i) The Regional Award.
  - j) The Vice-Chancellor's International Attainment Scholarship.
  - k) The International Baccalaureate Award.
  - l) The Liverpool Affinity Award.

The University and individual academic departments also provide a range of other scholarships and awards. Full details of these are published elsewhere.

- 1.7) A student awarded the Opportunity and Achievement Scholarship cannot concurrently hold a Liverpool Bursary, Attainment Scholarship or Eliahou Dangoor Scholarship. Where a student meets the requirements for more than one of the awards covered by these Regulations, the maximum amount payable to them in any one year shall be £4,400.
- 1.8) With the exception of those tasks specifically identified in these Regulations as the responsibility of other offices, the administration of these scholarships and bursaries will be undertaken by the University's Student Administration and Support (SAS) Division. Applicants for programmes should address enquiries relating to scholarships and bursaries to the Student Recruitment and Admissions Office (SRAO), University of Liverpool, Foundation Building, Brownlow Hill, Liverpool, L69 7ZX, or by e-mail to [ugrecruitment@liv.ac.uk](mailto:ugrecruitment@liv.ac.uk) (undergraduate scholarships and bursaries) or [pgrecruitment@liv.ac.uk](mailto:pgrecruitment@liv.ac.uk) (postgraduate scholarships and bursaries). Registered students may enquire about scholarships and bursaries in person at the Student Administration Centre, ground floor, Foundation Building, by post to Student Administration, University of Liverpool, Foundation Building, Brownlow Hill, Liverpool, L69 7ZX, or by e-mail to [feesenq@liv.ac.uk](mailto:feesenq@liv.ac.uk).

- 2.2) For academic year 2010/11, the qualifying threshold for the Liverpool Bursary will be £25,000. This figure may rise in line with inflation in subsequent years.
- 2.3) The Liverpool Bursary will be of value £1,400 and will be paid directly into the student's bank account in two equal instalments through the SLC Higher Education Bursary and Scholarships Scheme (HEBSS). Section 14 details the payment dates for the 2010/11 academic year.
- 2.4) Where a student undertakes a compulsory year abroad or in industry as a part of their programme of study and as a result is charged tuition fees at a reduced rate, the Liverpool Bursary will be paid at a rate of 50% of the full scholarship (i.e. £700) during the year abroad or in industry. Students on a non-compulsory period abroad or in industry whose registration is suspended during their period abroad or in industry will not receive the Liverpool Bursary during this period.

## 3) The Opportunity and Achievement Scholarship

- 3.1) The Opportunity and Achievement Scholarship will be available to 'home' (UK) undergraduate students and to EU undergraduate students classified by their local authority or the SLC as 'home'<sup>3</sup> who fall within the scope of these Regulations (see Section 1) and who are admitted to their programme on the basis of UK A-level grades AAB, or equivalent grades in other qualifications, and whose household income in their year of entry to the programme (i.e. in academic year 2010/11), as assessed by their Local Authority, SAAS, Education and Library Board or the SLC, is less than or equal to the qualifying threshold.
- 3.2) Decisions on eligibility for the Opportunity and Achievement Scholarship will be made on admission and students not in receipt of the Scholarship during their entry year will not be able to receive the Scholarship in subsequent years. It will continue to be paid for the normal duration of a student's study on their programme subject to the student passing each year of study at their first attempt with an overall average of 60% or above. For this purpose, a student will be considered to have passed at the first attempt where the only reason for taking examinations or assessments after the normal first sitting is because of mitigating circumstances approved by the Board of Examiners of the department concerned.
- 3.9) Where a student undertakes a compulsory year abroad or in industry as a part of their programme of study and as a result is charged tuition fees at a reduced rate, the Opportunity and Achievement Scholarship will be paid at a rate 50% of the full Scholarship (i.e. £2,000) during the year abroad or in industry, subject to their household income remaining below the published threshold for the relevant academic year and provided that, in the year prior to the year abroad or in industry, they passed the year at their first attempt with an overall average of 60% or above. The provisions regarding mitigating circumstances in Section 3.8 (above) will also apply to such students. In addition, students who receive the Opportunity and Achievement Scholarship during their year abroad or in industry will automatically receive the Scholarship in the year following the year abroad or in industry provided that they successfully progress to this year of study,. As a consequence of Section 4(e) of the “Rules Regulating the Payments of Fees by Students” made under University Ordinance 20, where a student has an outstanding financial balance owing to the University 21 days prior to the due date for the second instalment of a scholarship or bursary, the second payment will initially be applied to the outstanding balance with any residue after settlement of the outstanding balance being paid to the student.
