Disability Advice and Guidance

Who are we?

The Disability Advice and Guidance team is part of the University's Student Services.

What do we do?

We will work with you to identify and implement individual reasonable adjustments; to access disability-related funding and to support student engagement relating to disability-related issues. Our aim is to reduce any disadvantage you may experience as a result of your disability and support you in your independence.

How can we support you?

There are a variety of different forms of support available, which we will help you to access.

This support may include:

- Programme-centred support
- Exam support
- Library support
- Campus accessibility
- Specialist equipment
- Non-Medical Helper Support.

Disabled Students' Network (DSN)

The DSN is an informal group, comprising of a number of disabled students and members of Disability, Advice and Guidance, which meets several times a year to discuss various issues which are relevant to disabled students.

This group provides an opportunity for students to meet up and support each other, as well as giving direct input into the services offered to disabled students.

If you would be interested in becoming involved, please contact the Disability Advice and Guidance team for further details.

We offer the following access to our services

- One-to-One Adviser appointments
- A Drop-In Service for form completion support & general disability-related queries
- Email and telephone.

Student Services provide confidential information, advice and support for all students studying at the University. If you have any concerns about confidentiality please do speak to any member of the Student Services teams. View our Confidentiality Information leaflet www.liverpool.ac.uk/student-support/

Next Steps

- 1 Access our "Guide for Disabled Students" for further details about how we can support you at www.liverpool.ac.uk/student-support/disability
- 2 Ensure you have up-to-date supporting evidence from an appropriate Health Professional eg GP, Audiologist, Psychiatrist. Alternatively, if you have been assessed with a Specific Learning Difficulty, e.g. Dyspraxia, an Educational Psychologist report (undertaken at age 16 years or above). This will enable you to access appropriate reasonable adjustments and disability-related funding. Completion by your Health Professional of our medical evidence template is recommended and can be found at www.liverpool.ac.uk/media/livacuk/student-support/disability/Medical_evidence_template3.pdf
- 3 If you have difficulty gathering this information, please make contact with the Team.
- 3 Contact Disability Advice and Guidance.
