

## Disability and Dyslexia Contacts

There is a nominated Disability and Dyslexia Contact (DDC) within each School or Department. These contacts work closely with Disability Advice and Guidance to support the implementation of recommended individual reasonable adjustments, within the study environment.

For an updated list of DDC's please visit [www.liverpool.ac.uk/studentsupport/disability/support/ddc/](http://www.liverpool.ac.uk/studentsupport/disability/support/ddc/)

## Disabled Students' Network

The Disabled Students' Network (DSN) is an informal group, comprising a number of disabled students, facilitated by Disability Advice and Guidance, which meets several times a year to discuss issues, evaluate services and provide direct input into policies and procedures which are relevant to the disabled students' experience at the University of Liverpool.

It is also an opportunity to meet other disabled students within a confidential environment, to share experiences and form supportive networks.

If you would be interested in becoming involved, please contact Disability Advice and Guidance.

# Physical Impairments and Mobility Difficulties

Disability Advice and Guidance are committed to supporting students and we will work with you to identify and implement individual reasonable adjustments; to access disability-related funding and to support student engagement with regards to disability-related issues. Our aim is to reduce any disadvantage you may experience as a result of your disability and support you in your independence.

### Reasonable adjustments

A reasonable adjustment is any change which will help a disabled person have access to the same opportunities as a non-disabled person. We will recommend reasonable adjustments which may include support in the following areas:

- Programme-centred support
- Exam support
- Library support
- Campus accessibility
- Specialist equipment
- Non-Medical Helper Support.

Examples of reasonable adjustments which have been identified, recommended and implemented for students:

- Timetabled to reduce travel distance between classes
- Height adjustable laboratory bench

- Specific exam arrangements, eg rest breaks with the clock stopped, extra time, use of a scribe
- Support for field trips
- Priority for accessible University on-campus accommodation
- Timetabled to an accessible location ie ground floor/lift access.

For further information about the Team, the types of support that we offer to students and to access a copy of our “Guide for Disabled Students”, please visit our website at [www.liverpool.ac.uk/studentsupport/disability](http://www.liverpool.ac.uk/studentsupport/disability)

### Funding Disabled Students’ Allowance (DSA)

DSA is awarded to eligible students who have a mobility impairment. It is **not** means tested and does not affect benefit entitlement. The allowance is purely **based on your needs**.

DSAs **help pay** for extra costs you may have when studying your course. For example:

- **A Non-Medical Helper**  
eg a specialist mentor
- **Travel costs**
- **Specialist equipment**  
eg a digital voice recording device.
