Departmental Disability Contacts
There is a nominated Departmental Disability Contact (DDC) within each School or Department. These contacts work closely with Disability Advice and Guidance to support the implementation of recommended reasonable adjustments, within the study environment.

For an updated list of DDCs please visit www.liverpool.ac.uk/studentsupport/disability/support/ddc/

Disabled Students’ Network
The Disabled Students’ Network (DSN) is an informal group, comprising a number of disabled students, facilitated by Disability Advice and Guidance, which meets several times a year to discuss issues, evaluate services and provide direct input into policies and procedures which are relevant to the disabled students’ experience at the University of Liverpool.

It is also an opportunity to meet other disabled students within a confidential environment, to share experiences and form supportive networks.

If you would be interested in becoming involved, please contact Disability Advice & Guidance.
