This is the current list of valid partner universities, and their compatibility with degree subjects/Honours Select options, where a semester abroad is possible. If you are studying a Joint Honours, Combined Honours or Major/Minor combination, there must be at least one partner university compatible with both of the subjects which make up your degree in order for you to apply for a semester abroad. Unfortunately, if your programme is not listed, then currently, no compatible opportunities exist at this time, but please see information on our Year in China (page 10) and/or Summer Programmes (page 20) for other potential options.

Disclaimer: The information listed here is correct at the time of going to print. The availability of any partner university and its compatibility with any specific Liverpool degree programme is always subject to change, due to factors outside of the University of Liverpool’s control (for example, curriculum changes at the partner university). The Study Abroad Team will aim, whenever possible, to communicate any changes on our website as soon as possible.

*You should note, compared to the UK, these institutions or their corresponding Federal States provide reduced compensation levels for cases of negligence brought against them.*
