Directions to the Radiotherapy Skills Facility “(VERT)

The venue is hard to find but is located in the Waterhouse Building (Room BG08 in Block B). This is in Building no. 352 (Grid reference C9 on the campus map) and you would access the building via the Dover Street Car Park. The following walking directions start from the easy-to-locate Victoria Building at the junction of Brownlow Hill and Mount Pleasant.

Starting point:

The Victoria Building is at the centre of the University campus. The distinctive red-brick clock tower is easy to locate and is a stone’s throw from the Metropolitan Cathedral.

Ashton Street

Walk down the pedestrianised Ashton Road with the Victoria Building on your left.

Ashton Street

Pass the Harold Cohen library on your right.
Dover Street

Turn left down Dover Street when you see the metal chimney...

Ignore the first car park on the right. Pass the “Block B” sign on the Waterhouse Building before turning right into the second car park.

The Block B entrance is in the far right corner of the car park. Go through the doors and turn right to find the signs for VERT.
