

UNIVERSITY OF
LIVERPOOL

POSTGRADUATE OPEN EVENING

Wednesday 13 March 2024

5-8pm
University of Liverpool
Central Campus

We are the original redbrick
liverpool.ac.uk

Welcome to our Postgraduate Open Evening

This event is your chance to explore the exciting range of postgraduate study options we offer at Liverpool. We encourage you to attend talks and ask questions at our various exhibitions.

Central Teaching Laboratories

The event starts in our **Central Teaching Labs** where our Student Support Exhibition and refreshments will be open from 5pm. Make your way to a Welcome Desk to check in and pick up a guide. From there our friendly staff and Student Advocates will direct you to your relevant activity.

Faculty Information Fairs and Talks

Our faculty activity will begin from 6pm, see faculty pages for specific start and finish times. Student Advocates and faculty colleagues will help you to get between the Central Teaching Labs and your subject-specific spaces. Find out where you'll be going below:

- Faculty of Health and Life Sciences: **Cedar House**
- Faculty of Humanities and Social Sciences:
 - School of the Arts, School of Histories, Languages and Cultures, and School of Law and Social Justice: **502 Teaching Hub**
 - The University of Liverpool Management School: **Management School**
- Faculty of Science and Engineering: **Central Teaching Labs.**

If you need any help finding locations, there's a map on page 06. You can follow the signposting around campus, or ask one of our team to show you the way.

We're here to help.

Student Support Exhibition

Call in any time between 5pm and 8pm to pick up information and talk to staff and University representatives about the support available to you as a postgraduate student. **Location: Central Teaching Labs** M R

General information talks

This evening's event begins with our general introduction talks followed by subject specific talks (see pages 03-05).

Why study a master's at Liverpool? M

Discover more about studying at and applying to the University of Liverpool for postgraduate study.

Faye Baldwin
MSc Health
Data Science

"I decided to study a master's at Liverpool because I enjoyed my undergraduate degree here and I love the vibrant culture and warmth of Liverpool. The master's was instrumental to me in securing a PhD in Trials Methodology research at the University of Liverpool. Even if you're not sure about working in academia, a master's provides advanced knowledge which is often advantageous when applying for jobs, and can help guide future career choices if you're unsure about what you want to do following undergraduate study."
