For me the whole experience was brilliant. I had a fantastic day and it confirmed to me that this is the university I wish to attend. The presentations for my subject choice were very informative, talking to current students was encouraging and the staff and students were friendly and helpful from getting off the train to finding my way around the campus to buying a meal at the student bar. A great day.

We LISTEN to students – Our ultimate aim is to ensure that we can get more of what you like, and improve the things that you don't like.

We LOBBY for students – We take your ideas to improve your time in Liverpool.

We offer opportunities to LEAD – The Guild elects a President, Deputy and two Vice-Presidents each year to lead the work that we do.

We help you settle in – The Guild helps you to solve any problems you might have, by offering support at the start, as well as throughout your time at university.

We bring students together – The Guild does this through supporting student societies and volunteering, and by putting on gigs and events – particularly during Welcome Week.

In 2012/13 the Guild secured a £13.75 million investment from the University to refurbish our main building on Mount Pleasant. This will ultimately deliver high quality facilities, which will have a long lasting positive impact on the experience of students.

Welcome to Liverpool!

Liverpool. The very name conjures up images of a world-beating musical heritage, two of the Premiership's biggest football teams, a glorious maritime history and not one, but two majestically different Cathedrals. This Northwest city and the surrounding City Region is certainly all those things, but it is also so much more. Liverpool is undergoing a thrilling renaissance, recognised by its hugely successful year as European Capital of Culture.

CULTURE & HERITAGE

Art

Tate Liverpool is the home of the National Collection of Modern Art in the North and is staging a must-see major blockbuster exhibition, Chagall: Modern Master until 6 October.

The city has numerous permanent art attractions too. Don't miss the impressive Open Eye Gallery, one of the UK's first dedicated photographic galleries. Located near Tate Liverpool, Open Eye has recently moved to the iconic Mann Island buildings and is now twice the size of its former location. Visit the Walker Art Gallery too, the national gallery of the North – ask at reception for a helpful guide to the highlights, including works by Hockney, Degas, Turner and Rembrandt.

Heritage

Like the Great Wall of China and the Pyramids of Giza, Liverpool is a UNESCO World Heritage Site. Its impressive waterfront in addition to other areas of the city centre qualified the city for this status in 2004.

Stroll around Albert Dock to drink in some of the history then take a trip across the Mersey on one of the river's famous Mersey Ferries to see the awe inspiring view of Liverpool Waterfront, one of the most recognised waterfronts in the world. Spot the iconic Royal Liver Building and its two muchloved, mythical Liver Birds that watch over the city.

Museums

Liverpool has one of the most impressive collections of museums in the country, which have free entry except for special exhibitions. Among the most exciting is the fantastic new Museum of Liverpool. This opened in the Summer of 2011 and has attracted unprecedented visitor numbers ever since.

Many other museums are located around the Albert Dock, such as the Merseyside Maritime Museum, where you can find out all about the companies, people and ships connected to this great port. World Museum Liverpool is another fascinating spot, bulging with historic treasures from around the world, with an aquarium, bug house and planetarium.

Performance

The 11,000 seat Echo Arena Liverpool on the waterfront is the jewel in the city's crown of fantastic venues.

Permanent performance spaces include the legendary Playhouse theatre which stages premieres by local and international writers, while the Liverpool Empire is the home of popular West End productions.

MUSIC

Not to be missed is a trip to the Beatles Story at Albert Dock, a brilliant tour through The Beatles' lives, with fascinating memorabilia and insights from friends and family. You should also pop into the Cavern Club on Mathew Street, the most famous club in the world, for a lunchtime beer or some live music in the evening, or visit Mendips and 20 Forthlin Road in Allerton, the childhood homes of John Lennon and Sir Paul McCartney, both National Trust properties.

Classical fans must take in a performance by the world renowned Royal Liverpool Philharmonic Orchestra, led by the charismatic Chief Conductor and honourary Professor of the University of Liverpool, Vasily Petrenko.

SPORT

Liverpool is sport mad. It is home to two of the Premiership's biggest football teams, making football a religion in the city and a topic that is the source of much heated debate in the city's pubs. A stadium tour is a great way to discover more about these clubs.

The Liverpool City Region is also renowned for golf. England's Golf Coast, the finest stretch of championship golf in the world, is home to three Royal Links courses and numerous other naturally beautiful golf courses.

VisitLiverpool.com
