### Scottish and Irish Qualifications

**Scottish Certificate of Education:**
Highers: **BBBBB** (Must include Biology, Physics, Maths or Chemistry).

Combination of Advanced Highers and Highers will be considered. A mixed presentation must include Biology, Chemistry, Physics or Maths at a minimum grade B. Advanced Highers must be in different subjects to those of Highers.

**Irish Leaving Certificate**
6 Higher Level subjects at grade H3 to include one of the following: Biology, Physics, Mathematics or Chemistry.

### International Baccalaureate Diploma

Essential: **30 points** to include 3 Higher Level subjects at a minimum of grade 5. **Biology must be offered at a minimum of a grade 6.**

### European Baccalaureate Diploma

Essential: **74%** overall with a minimum mark of **8** in Biology and no subject mark below 6.

### Graduate Applicants

We welcome applications from graduates holding a minimum of a 2:2 classification If your degree is not science related, contact the admissions tutor directly to discuss this further: afm4987@liverpool.ac.uk. Experience in health care is also an advantage.

The degree qualification should be supported by a sound academic background, with a minimum of 5 GCSEs at grades A* - C, which should include English Language, Mathematics and Science.

There are no shortened courses for graduates although some students may apply for Accreditation of Prior Learning (APL) and therefore be exempt from some modules. Information about applying for APL is sent out with our offer letter.

### International & EU Applicants

Residents of ‘European Union’ countries, educated under a non-British system should present with qualifications which have a strong biological science component and which would admit them to a degree course at a University in their own country.

Translations of all educational certificates must be provided, Overseas applicants are advised to apply early to NARIC the National Agency responsible for providing information, advice and expert opinion on vocational, academic and professional skills and qualifications from over 180 countries worldwide in order for educational qualifications to be verified.

Students whose native language is not English must show evidence of proficiency in English to a standard equivalent to average academic level 7 of the International English Language Testing System (IELTS), with no component lower than 6.5.

### Important Note

The academic profile, reference and personal statement of each candidate are given equal consideration. Due to the large number of applications it is advised that candidates ensure that they present with the strongest possible application.

*For qualifications not listed in this document, please visit our web site or email the Admissions Team.*
Additional Essential Requirements for a successful UCAS application

**Essential Criteria**

Knowledge and understanding of the profession by:
- Demonstrating an understanding of the role of an Orthoptist and the different professions within the eye health care.
- Have the ability to discuss in lay terms, the conditions/tests undertaken by an Orthoptist.

**Desirable Skills/Attributes**

**Evidence of Care/Compassion for others**
- Involvement in voluntary/paid experience in a health/well-being environment.
