

Faculty of Health and Life Sciences

Bronze awards:

- GeneMill – Liverpool Shared Research Facilities
- Biomedical Electron Microscopy – Liverpool Shared Research Facilities
- Liverpool Magnetic Resonance Imaging Centre (LiMRIC) – Liverpool Shared Research Facilities
- Cell Sorting and Mass Cytometry Facility (CSMC) – Liverpool Shared Research Facilities
- High-Field NMR Facility – Liverpool Shared Research Facilities
- VAPP Diagnostic labs – Institute of Infection, Veterinary and Ecological Sciences
- Clinical pathology – Institute of Infection, Veterinary and Ecological Sciences
- Leahurst post mortem rooms and cutting room – Institute of Infection, Veterinary and Ecological Sciences
- University vet practice (Liverpool) – Institute of Infection, Veterinary and Ecological Sciences
- Bioscience Labs E & F – Institute of Infection, Veterinary and Ecological Sciences
- Mersey bite and sting lab – Institute of Infection, Veterinary and Ecological Sciences
- Gait and X-ray lab – Institute of Life Course and Medical Sciences
- William Henry Duncan 2nd floor – Institute of Life Course and Medical Sciences
- Centre for women's health research – Institute of Life Course and Medical Sciences
- Institute in the park – Institute of Life Course and Medical Sciences
- Clinical Sciences Centre Aintree – Institute of Life Course and Medical Sciences
- Dental Labs - Institute of Life Course and Medical Sciences
- School of Medicine Clinical Skills Labs - Institute of Life Course and Medical Sciences
- Psychology labs – Institute of Population Health
- School of Health Sciences Clinical Teaching Spaces – Institute of Population Health

Silver awards:

- HARC – Education Directorate
- Centre for Genomics Research (CGR) – Liverpool Shared Research Facilities
- Centre for Preclinical Imaging (CPI) – Liverpool Shared Research Facilities
- Tick Cell Biobank – Liverpool Shared Research Facilities
- Chick Embryo Facility (CEF) – Liverpool Shared Research Facilities
- Histology Facility – Liverpool Shared Research Facilities
- Centre for Metabolomics Research (CMR) – Liverpool Shared Research Facilities
- IC2 – Institute of Infection, Veterinary and Ecological Sciences
- Ronald Ross – Institute of Infection, Veterinary and Ecological Sciences
- Ronald Ross CL3 – Institute of Infection, Veterinary and Ecological Sciences
- ELM lab – Institute of Infection, Veterinary and Ecological Sciences
- Leahurst Research Labs – Institute of Infection, Veterinary and Ecological Sciences
- Sherrington 1st floor – Institute of Systems, Molecular and Integrative Biology
- Bioscience Labs B, C and D – Institute of Systems, Molecular and Integrative Biology
- Bioscience Labs G & H – Institute of Systems, Molecular and Integrative Biology
- MIF 2nd floor labs 2/049 and 2/051 – Institute of Systems, Molecular and Integrative Biology
- ATP Microbiology/molecular bioanalysis lab – Institute of Systems, Molecular and Integrative Biology

- BAF/GCP labs – Institute of Systems, Molecular and Integrative Biology
- CELT labs (Pharmacology) – Institute of Systems, Molecular and Integrative Biology
- LLP – Institute of Systems, Molecular and Integrative Biology
- Wolfson centre for personalised medicine – Institute of Systems, Molecular and Integrative Biology
- Nuffield 1st floor – Institute of Systems, Molecular and Integrative Biology
- Nuffield 5th floor – Institute of Systems, Molecular and Integrative Biology
- Physiology White Block – Institute of Systems, Molecular and Integrative Biology
- Physiology Red Block – Institute of Systems, Molecular and Integrative Biology
- Physiology Green Block – Institute of Systems, Molecular and Integrative Biology
- Physiology Blue Block – Institute of Systems, Molecular and Integrative Biology
- ATP Bioanalytical facility/Bioanalysis lab (GCP) – Institute of Systems, Molecular and Integrative Biology
- Sherrington 2nd floor – Institute of Systems, Molecular and Integrative Biology
- Nuffield 4th floor – Institute of Systems, Molecular and Integrative Biology
- Sherrington Ground Floor – Institute of Systems, Molecular and Integrative Biology
- Nuffield 2nd floor – Institute of Systems, Molecular and Integrative Biology
- LOORG – Institute of Life Course and Medical Sciences
- Centre for Cell Imaging (CCI) – Liverpool Shared Research Facilities
- CDSS Bioanalytical Facility – Liverpool Shared Research Facilities
- William Henry Duncan 1st floor – Institute of Life Course and Medical Sciences

Gold awards:

- MBE group – Institute of Infection, Veterinary and Ecological Sciences
- Veterinary Clinical skills labs – Institute of Infection, Veterinary and Ecological Sciences
- Veterinary teaching suite – Institute of Infection, Veterinary and Ecological Sciences
- Drosophila lab – Institute of Infection, Veterinary and Ecological Sciences
- Teaching labs – Institute of Systems, Molecular and Integrative Biology
- Glasshouses – Institute of Systems, Molecular and Integrative Biology
- Liverpool Head and Neck centre – Institute of Systems, Molecular and Integrative Biology
- Liverpool university Biobank – Clinical Directorate
- Centre for Proteome Research (CPR) – Liverpool Shared Research Facilities

Faculty of Science and Engineering

Bronze awards:

- BOSE lab – School of Electrical Engineering, Electronics and Computer Science
- Dr Maher Mass spectrometry laboratory – School of Electrical Engineering, Electronics and Computer Science
- Prof Bradley Plasma laboratory G/025, G/029, G/056 – School of Electrical Engineering, Electronics and Computer Science
- Prof Marshall Virtual Reality Laboratory complex DIF 2/009 – School of Electrical Engineering, Electronics and Computer Science
- Prof Spencer Energy laboratory G/03, G/046, G/050 – School of Electrical Engineering, Electronics and Computer Science

- Prof Tu Plasma laboratory EEE G/028 – School of Electrical Engineering, Electronics and Computer Science
- Prof Tu Plasma laboratory HH 1/071 – School of Electrical Engineering, Electronics and Computer Science
- Dr McKay Plasma laboratory – School of Electrical Engineering, Electronics and Computer Science
- Flight Science and Technology lab – School of Engineering
- Active Learning lab – School of Engineering
- D'Sa – School of Engineering
- Laser labs – School of Engineering
- Nanomechanics lab – School of Engineering
- Nanotechnology Lab + Clean Room – School of Engineering
- Advanced manufacturing (AM lab) – School of Engineering
- @LERT robotics lab - School of Engineering
- Complex Fluidics - School of Engineering
- Structures and Infrastructure laboratory - School of Engineering
- Soil Mechanics - School of Engineering
- Optical Microscopy Lab – School of Engineering
- Metallography – School of Engineering
- OSL lab – School of Environmental Sciences
- Roxby Labs – School of Environmental Sciences
- Geomagnetism Laboratory – School of Environmental Sciences
- Nutrients, DOC and preperation lab– School of Environmental Sciences
- Oceans Biogeochemistry – School of Environmental Sciences
- LIFER – School of Environmental Sciences
- Geochemistry Herdman Lab – School of Environmental Sciences
- MAGMA labs – School of Environmental Sciences
- Electrochemistry Lab - School of Environmental Sciences
- Stephenson Institute for Renewable Energy – School of Physical Sciences
- FTIR lab-LG-007 – School of Physical Sciences
- Radiomaterials Laboratory – School of Physical Sciences
- Giardiello Labs – School of Physical Sciences
- G52 – School of Physical Sciences
- Autonomous Chemistry Lab - Donnan G039 – School of Physical Sciences
- Zhang Lab UoL – School of Physical Sciences
- Prof. Carnell Biocatalysis and IB Laboratory – School of Physical Sciences
- Rob Rob Lab A – MJR – School of Physical Sciences
- Ishwar Singh Peptide Synthesis Lab – School of Physical Sciences
- Xiao Group Labs – School of Physical Sciences
- Hasell group – School of Physical Sciences
- UMPF – School of Physical Sciences
- Tunon group (Complex Fluids and Advanced Materials Processing Lab) A – School of Physical Sciences
- Boulatov - School of Physical Sciences
- RobRob Blanc McHugh Lab – School of Physical Sciences
- SPM suite B48 - School of Physical Sciences
- Analytical Services – School of Physical Sciences
- Sergeev Group – School of Physical Sciences
- IK lab – School of Physical Sciences

- G20 Organic Chemistry Lab – Vezzoli - School of Physical Sciences
- G20 – Aissa - School of Physical Sciences
- Chromatography research laboratory - School of Physical Sciences
- Liverpool Semiconductor Detector Centre – School of Physical Sciences
- Cold Chemistry Physics Lab – School of Physical Sciences
- Medicinal Chemistry Lab (4th floor lab) – School of Physical Sciences
- Optical and Electronics Laboratory for Physics – School of Physical Sciences
- MJR-MIF 3rd Floor Labs – Materials Innovation Factory
- DIF labs – Digital Innovation Facility
- ACCEM A (the albert Crewe Centre for Electron Microscopy) – Shared Research Facilities
- ACCEM B (the albert Crewe Centre for Electron Microscopy) – Shared Research Facilities

Silver awards:

- Ecology Lab – School of Environmental Sciences
- CELT Chemistry – School of Physical Sciences
- Regius lab for synthetic Chemistry A – School of Physical Sciences
- Rob Rob building-Lab A – School of Physical Sciences
- Surface Science Building – School of Physical Sciences
- KSC Labs - School of Physical Sciences
- PP Laser Lab – School of Physical Sciences
- CMP magnetic materials lab – School of Physical Sciences
- Infrared Technology Lab Room 215 – School of Physical Sciences
- Oliver lodge Chemistry Lab room 225 – School of Physical Sciences
- Central Teaching Labs
- AIC- MIF Second Floor Synthesis Lab 2/016 – Materials Innovation Factory
- Structural Materials and Mechanics Lab – School of Engineering
- LEIS (Low Energy Ion Scattering Shared Research Facility) – Shared Research Facilities
- ECCL SRF (Early Career Laser Laboratory Shared Research Facility) – Shared Research Facilities
- SEM SRF (Scanning Electron Microscopy Shared Research Facility) – Shared Research Facilities
- XRM SRF (X-Ray Microscopy Shared Research Facility) – Shared Research Facilities
- Nano Lithography SRF (Nanofrazer Shared Research Facility) – Shared Research Facilities
- Rigaku XRD SRF (X-Ray Diffraction Shared Research Facility) – Shared Research Facilities

Gold awards:

- OAA – Materials Innovation Factory
- Nuclear Physics Lab – School of Physical Sciences
- Rock Deformation Laboratory – School of Environmental Sciences

Faculty of Humanities and Social Science

Silver awards:

- ACE lab – School of Histories, Languages and Cultures
