

**Welcome Freshers!** We are the Liverpool Equine Veterinary Society, a sub society of LUVS

Whether you're set on being an equine vet or think those 4 legged things in the field look terrifying, we are here to help you on your way to being the best vet you can be

We organise regular talks throughout the year on topics such as colic, reproduction, laminitis, FEI work, weight management... anything and everything!

Our 'Help I'm not horsey' guide will introduce even the most non horsey vet students to the equine world, and with our Equine Skills Afternoon (held at Thompson House Equine Vets) being such a hit last year, we are now organising some fantastic hands-on lunging/trot up sessions and dental/nerve blocking practicals. If all this isn't enough, Clinical day will return with our incredible clinicians at Leahurst

**Membership is free** thanks to our amazing sponsor Dengie Feeds, so make sure you don't miss out by adding us on our social media and keep up to date with all the fun talks, practicals and socials:
