

Liverpool University Vet's Football Club

Hey everyone! Firstly, congratulations on getting accepted into University! We are the Women's Vet Football Team, a club dedicated to encouraging all abilities to play football in a welcoming, friendly and inclusive environment.

Whether you have never kicked a ball in your life or you've been playing football since you could walk, we invite people with all levels of experience to our team. We play in the University campus 5-a-side league (playing against students) on Monday evenings, and we train on Thursday evenings, so there are plenty of opportunities to play and enjoy having a break from the course! We also have frequent socials, allowing you to get to know other people from the course in a variety of years.

Many of us are part of the team for a combination of reasons, whether that be for the football itself, a bit of exercise, the social aspect, or to spend some time out of the house! Regardless of the reason, we welcome everyone. You can read more about us, and our wonderful captains and social secs on our Instagram page @luvwfc. If you'd like more information, feel free to DM us on there!
