

Liverpool University Vet Hockey Club

Welcome Freshers!

Congratulations on getting into vet school, you should all be very proud of yourselves! We are vet hockey, and we are looking forward to meeting you all and welcoming you to the wonderful community of the vet school.

Every society at Liverpool Vet School is determined to make everyone's time at vet school is as fun and engaging as it can be, so please come along to one of our training sessions at the start of the year! **(Wednesday 7-9pm & Sunday 1-3pm)**

We accept all ranges of ability, from the university 1st XI to those that don't even know what a hockey pitch looks like. Our sessions are focused on having fun and relaxing outside of the academics along with our friendly matches against other clubs in the university, such as the Medics (booooo) or the University development team. We do go on tour to show other vet schools we are the ones to beat and play a tournament against the Medics/Dentists/Physios if you are the competitive type!

If playing is not your thing, we love to have social members that join us for socials, tours, and charity fundraisers.

Any questions please don't be scared to ask! DM us on Instagram or email me and I look forward to seeing you all at the freshers fair!

Jamie Knowles (3rd Year and LUVHC captain)
