

A year in review –

Centre for Proteome Research 2017

CPR ON TOUR!

ACADEMIC SUCCESS

In October Gemma, Becka and Richard all submitted their PhD Theses – Gemma and Richard both passed their vivas just before Christmas and Becka is awaiting her viva in January – many congratulations all!

NEW STUDENTS

In 2017 we welcomed Dani, Lauren, Max, Natalie and Sean to CPR!

- BSPR lecturer, Dundee, 21st February, Rob Beynon
- IIB MBTT Seminar, University of Liverpool, 1st March, Gemma Hardman
- ASAB 'omics meeting, University of Liverpool, 6th-7th April, Rob Beynon
- Quantitative Proteomics Training Course, University of Liverpool in London, London, 22nd-23rd May, Rob Beynon, Claire Eyers, Victoria Harman, Philip Brownridge, Stephen Holman
- 4th International Mouse Meeting, University of Zurich, June, Rob Beynon
- 6th UK & IRELAND NF- κ B/IKK Workshop, Newcastle 5-7th June, Claire Eyers
- Seminar on QconCAT technology, Ehime University, Japan, 19th June, Rob Beynon
- Proteomics Methods Forum, University of Oxford, Oxford, 22nd-23rd June, Claire Eyers
- Mass Spectrometry in Health and Life Sciences: Molecular and Cellular Proteomics, San Francisco, US, 20th – 24th August, Rob Beynon
- Chemical Signals in Vertebrates XIV, Cardiff University, 29th August-1st September, Rob Beynon, Lupe Gomez-Baena, Grace Loxley, Mark Prescott
- HUPO 2017 16th Human Proteome Organisation World Congress, Dublin, 17th-21st September, Claire Eyers, Richard Bennett, Sam Ferries
- BMSS, Manchester, 5th-7th September, Jos Harris
- Seminar at Kings College London, 25th October, Claire Eyers
- Viva seminar, University of Liverpool, 28th November, Gemma Hardman
- 2nd Joint NSFC-RSC Symposium on Chemical Biology, Royal Society of Chemistry, London, 11th-12th December, Claire Eyers

OUTREACH ACTIVITIES

CPR are passionate about public engagement. This year we've continued our program of activities with Winstanley College, put on another six-week Science Club at New Park Primary School, and a session at the Victoria Gallery Summer Science Club, judged at Big Bang North West, ...and many more!

VISIT TO JAPAN

In June Rob and Victoria visited Ehime University in Matsuyama, Japan, where they learnt how to execute a new cell free synthesis technique and established collaborations with colleagues at Ehime University

NEW INSTRUMENTS AND SAYING BYE TO THE OLD!

2017 saw the arrival of the Lumos, Sonia Rocha's QEXHF and to make some room we said goodbye to the Bruker MALDI-TOF and a Synapt G2

35 YEARS!

Congratulations Lynn, on celebrating 35 years working at the University of Liverpool!

CPR LEAVERS

In 2017 we said goodbye to Manohar, Stephen and Lupe. Manohar has taken a post at the IIT, Bombay, Lupe at the University of Córdoba, Spain, and Stephen is working for Waters in Manchester.

QUANTITATIVE PROTEOMICS AT UNIVERSITY OF LIVERPOOL IN LONDON

The fifth iteration of this hugely successful course, organized by Rob and Victoria with The Biochemical Society, was held in May at the University of Liverpool campus in London.

BIOTECH YES!

Huge congratulations to "Pheromone Solutions" – Iris, Grace and Rosie, on winning the 2017 Biotechnology YES "Best consideration of IP strategy" award for their pheromone based crop pest control company!

SWIMATHON

In April, Claire completed an amazing 100 lengths in 74mins to raise money for Marie Curie and The Swimathon Foundation!
