# Foundation to Human and Animal Health Professions (Physiotherapy) (Year 0)

UCAS code 4RAD

**Study mode**

Full-time

**Duration**

4 years

Apply by: **29 January 2025**

Starts on: **22 September 2025**

## About this course

A year zero foundation programme, designed for mature students who have typically been out of formal education for some time or who have taken non-traditional qualifications, which leads to access onto a Physiotherapy BSc programme.

## Introduction

The University of Liverpool, in collaboration with local FE partners, has developed a year zero foundation programme for Home students that leads to access onto a variety of vocational Health Studies programmes. Our Foundation to Human and Animal Health Professions (Physiotherapy) course is for students seeking entry to undertake the Physiotherapy BSc (B160) programme.

Students seeking entry to Physiotherapy will study year zero at Carmel College, St Helens before joining year one at the University of Liverpool campus. [Carmel College, St Helens](#), about nine miles from the university campus, offers small class sizes and high standards of academic achievement.

This programme is specifically targeted at Home mature and non-traditional students, who typically have taken a break from studies.

Please note that we will not consider applications from prospective students who have multiple UCAS applications for a variety of programmes, as this does not demonstrate a clear commitment.

For further information on how to apply to this programme please contact: [shs@liverpool.ac.uk](mailto:shs@liverpool.ac.uk).

---

## What you'll learn

- Skills needed for independent study at undergraduate degree level
  - Undertaking a variety of learning methods and assessment tasks
  - A breadth of patient-focused practical experience in a region with a particularly diverse population
  - How to diagnose and holistically treat a wide variety of clinical problems
  - Academic and professional skills
  - An excellent range of practical experience in a wide variety of settings
-

# Course content

Discover what you'll learn, what you'll study, and how you'll be taught and assessed.

---

## Year zero

In all modules at year zero, the study skills needed for independent study at undergraduate degree level are developed. Students are also introduced to a variety of learning methods, such as formal taught sessions, workshops and practical laboratory sessions, as well as a variety of assessment tasks, such as written assignments, in class data handling, written and practical examinations to provide a good grounding for vocational programmes.

There are some shared modules for all students, and then route specific modules to ensure the students are prepared for their chosen undergraduate programmes.

## Modules

Compulsory modules	Credits
<u>BIOLOGY FOR HEALTH STUDIES 1 (HEAL001)</u>	22.5
<u>BIOLOGY FOR HEALTH STUDIES 2 (HEAL002)</u>	22.5
<u>MATHS FOR HEALTH STUDIES 1 (HEAL003)</u>	7.5
<u>MATHS FOR HEALTH STUDIES 2 (HEAL004)</u>	7.5
<u>FOUNDATIONS OF PROFESSIONAL STUDIES (HEAL005)</u>	15
<u>APPLIED PSYCHOLOGY FOR HEALTH STUDIES (HEAL006)</u>	22.5
<u>HEALTH AND SOCIAL CARE FOR HEALTH SCIENCES (HEAL007)</u>	22.5

Programme details and modules listed are illustrative only and subject to change.

## Teaching and assessment

### How you'll learn

Learning is promoted through a wide variety of activities that enable students to become autonomous and continuous learners. Interactive lectures, practical and clinical skills group work, simulation, directed study, role play, problem based learning,

small group work, student-led seminars, collaborative project work and interactive tutorials are key learning strategies of the programmes. Practical work using our imaging suite digital equipment, 3D virtual reality radiotherapy facility, Clinical Skills Resource Room and the Human Anatomy Resource Centre complement teaching activities. Face-to-face interactions between all students will occur at shared lectures, tutorials and group work and online interaction will be encouraged and facilitated. There are also inter-professional education and learning opportunities across all healthcare professions programmes.

## How you're assessed

Using a mixture of coursework and examination, a range of assessment methods can be seen across the programmes. These include seen and unseen written examinations, essay assignments with specific word lengths, multiple choice questions, case study presentations, video analysis and interactive practical examinations. Assessment of the work-based learning element of all programmes is an important aspect. You will be required to communicate your views orally and in written form; analyse, implement and evaluate your practice; and to extend the research and evidence base of your chosen profession.

The various methods of assessments have been chosen to provide a balance that will permit the undergraduates to demonstrate their intellectual abilities in all areas to the full.

## Liverpool Hallmarks

We have a distinctive approach to education, the Liverpool Curriculum Framework, which focuses on research-connected teaching, active learning, and authentic assessment to ensure our students graduate as digitally fluent and confident global citizens.

The Liverpool Curriculum framework sets out our distinctive approach to education. Our teaching staff support our students to develop academic knowledge, skills, and understanding alongside our **graduate attributes**:

- Digital fluency
- Confidence
- Global citizenship

Our curriculum is characterised by the three **Liverpool Hallmarks**:

- Research-connected teaching
- Active learning
- Authentic assessment

All this is underpinned by our core value of **inclusivity** and commitment to providing a curriculum that is accessible to all students.

# Careers and employability

A Physiotherapy degree from the School of Allied Health Professions and Nursing can set you up for a rewarding and challenging career in a diverse range of professional environments. Many graduates choose to work in the NHS, but others may decide to find employment in industry, private practice, sport, research or teaching.

You will have gained a qualification that meets the Government's criteria for 'fitness for purpose' and 'fitness for practice' as well as developing transferable skills relating to communication, information technology, problem solving and teamwork.

Physiotherapy graduates are eligible to apply for membership of the Health and Care Professions Council (HCPC) and the Chartered Society of Physiotherapy. There are many employment opportunities for physiotherapists to work in a wide range of clinical settings, from paediatrics to older persons' care. Your UK qualification also provides an opportunity to work abroad in many countries.

You will have gained a qualification that meets the Government's criteria for 'fitness for purpose' and 'fitness for practice' as well as developing transferable skills such as communication, information technology, problem solving and teamwork.

Students will develop skills including:

- Information gathering and analysis
- Problem solving
- Communication (written and oral)
- Numeracy
- Information and communication technology
- Working with others
- Time management
- Self-directed learning.

# Entry requirements

The qualifications and exam results you'll need to apply for this course.

## Clinical Entry Requirements

Please view the [2023 Foundation to Human and Animal Health Professions entry requirements](#).

Applicants should normally be considered ineligible for direct entry to the BSc route.

---

### T levels

T levels are not currently accepted.

---

### GCSE

5 GCSEs at a minimum grade 5 (C) to include Maths, English Language and one science subject (Biology/Chemistry/Physics/Core Science / Additional Science/ Single Science award all accepted). Will consider GCSE resits and/or ONE pending GCSE grade. Applied GCSE Science will not be accepted.

---

### BTEC Level 3 National Extended Diploma

Students currently studying BTEC level 3 will not be considered; BTEC level 2 will not be accepted in lieu of GCSE

---

### International Baccalaureate

Applicants currently studying for International Baccalaureate will not be considered

---

### Irish Leaving Certificate

Applicants currently studying for Irish Leaving Certificate will not be considered

---

### Scottish Higher/Advanced Higher

Applicants currently studying for Scottish Highers will not be considered

---

## **Welsh Baccalaureate Advanced**

Applicants currently studying for Welsh Baccalaureate will not be considered

---

## **Graduate application**

Applicants with a previous degree but do not meet criteria for direct entry to the degree programme will be considered if they are returning to education following a break.

---

## **Access**

Applicants currently studying for an Access Diploma will not be considered. Mature students who have recently studied an access course (that is not eligible for direct entry) or have work-related qualification will be considered.

---

## **Profession-specific knowledge and skills required**

Evidence of a clinical visit is highly recommended but not compulsory.

---

## **Declaration of criminal background**

Applicants may be expected to complete either a Declaration of Criminal Background or have a full Disclosure Barring Service check as part of their application.

---

## **Health screening**

Evidence of a clinical visit is highly recommended but not compulsory.

---

## **Disability information**

Additional support is given to students who have declared a disability on their UCAS application.

---

## **International qualifications**

Select your country or region to view specific entry requirements.

Many countries have a different education system to that of the UK, meaning your qualifications may not meet our direct entry requirements. Although there is no direct Foundation Certificate route to this course, completing a Foundation

Certificate, such as that offered by the [University of Liverpool International College](#), can guarantee you a place on a number of similar courses which may interest you.

---

---

## Alternative entry requirements

- If your qualification isn't listed here, or you're taking a combination of qualifications, [contact us](#) for advice
- [Applications from mature students](#) are welcome.
