

2025 ECUST-University of Liverpool Summer Camp Visiting Program: Aging and Health

❖ INTRODUCTION

Themed "Aging and Health," this summer camp aims to deepen participants' understanding of China's aging society and health management strategies through frontier academic seminars, visits to national-level laboratories, field studies, and traditional Chinese cultural experiences. It promotes academic exchanges between China and the UK, exploring cross-cultural solutions to aging-related challenges.

❖ Highlight of the Programme

- **Elite Talent-Targeted**

International postdocs, Ph.D., and Master's students

- **Diverse Content**

Frontier Academic Lectures

National Key Laboratory Visits

Traditional Chinese Cultural and Sports Experiences

❖ High-End Resources

- Hands-on research at Key Laboratory of Pressure Systems and Safety (Ministry of Education), Exercise Health and Metabolism Laboratory, and other top-tier platforms.
- Guided by academicians and leading experts.
- One-to-one mentorship (one mentor and one senior researcher per participant).

❖ Scholarship Available

Eligible international students may apply for a full scholarship (covers tuition and accommodation; international flight tickets excluded).

❖ CONTENT

◆ Frontier Academic Lectures: Core Topics

- Trends in China's Population Aging
- Elderly Care Models in Megacities
- Cross-Cultural Perspectives on Aging and Health: China-UK Comparative Studies
- Intergenerational Family Relationships and Elderly Care in China
- AI + Data Engineering and Applications in Aging and Health

◆ Academic Resources

- Lectures by ECUST academicians
 - In-depth exploration of "Aging and Health" themes
 - Total 24 class hours
-

◆ National-Level Platforms and Key Laboratory Visits

Participants will engage in immersive research at:

- Key Laboratory of Pressure Systems and Safety (Ministry of Education)
- Exercise Health and Metabolism Laboratory
- Biomedical Sensor Laboratory
- Brain-Computer Interface Laboratory

◆ Research Experience

- Customized immersive projects
 - Access to cutting-edge equipment and technologies
 - Enhanced practical innovation capabilities
 - Total no less than 50 class hours
-

◆ Traditional Chinese Cultural Experience

- Dragon & Lion Dance and Dragon Boat courses
- Table Tennis Culture and China-UK Exchange Activities
- Weekend cultural tours in Shanghai and surrounding areas

◆ Learning Outcomes

- Improved cross-cultural adaptability
 - Deepened appreciation for Chinese traditional sports culture
-

◆ Field Visits: Partner Institutions

- Xuhui District Lelin Hub & Community Canteen (community elderly care scenarios)
- Huangpu District High-end Private Elderly Care Institution
- Fengxian District Comprehensive Elderly Service Center
- Pudong New Area "Pulaohui" Internet Platform
- Jiangsu Changshu Elderly Association (county-level elderly care models)
- Anhui Hefei Sanlian College (elderly care research institutions)

◆ Practical Gains

- Exposure to diversified elderly care models
 - First-hand industry insights and operational experience
-
