

Blind Alley

Aim To guide a blindfolded team member through a series of gates using non-verbal signals

Materials None

Method

- All team members decide on a means of communication to be used to guide the blindfolded member.
- When directed by marshals, a team member is blindfolded at the start line and then guided by the other team members through the course of gates to the finish line.

Conditions

- While negotiating the course, no verbal communication may be used by any team member.
- All sighted team members must remain behind the start line.

Time Limit 5 minutes to decide strategy, 5 minutes for a practice session, plus 15 minutes for the real thing.

Ranking The ranking order will be determined by the time taken to finish, with 10 minute penalties for each gate missed.
